## Memorandum from the City Administrator's Office

Date: August 18, 2016  
To: Honorable Mayor and City Council  
From: Bryan Richison, City Administrator  
Deborah Lewis, Finance Director  
Re: Fiscal Year 2017 Budget

---

Submitted for your review and authorization are the FY2017 budget documents prepared by staff and approved by the Mayor.

A budget is a collaborative plan of action developed through staff's interpretation of the Mayor and Council's vision as provided by legislation and tries to predict the City's needs for the next fiscal year given all the assumptions and data available. It provides money for each of the City's assets categories; its infrastructure; its human capital; and its equipment needs. These assets are used to deliver the projects and services the Council and citizens expect. This being said, the only things certain are that our plan of action will evolve throughout the year and this will not be the same budget we end up reviewing together at the end of the fiscal year.

For this year's process, focus was once again given to the cash balance available in each fund as staff was asked to produce baseline budgets for all departments. Any items beyond existing personnel and supplies such as new programs or projects were placed on departmental wish lists to be added only if monies were available. Among other things, this required the removal of all capital purchases except for which there was a previous commitment (matching funds for the Safe Routes to School grant, Melody Lane improvements and residential road improvements with authorized funding from sewer proceeds and the purchase of six new police vehicles). With the exception of the proposed 2% COLA, approved wish list items will be funded from proceeds from the sale of the sewer system. Staff presented their baseline budgets and wish lists for review in meetings held in July. We appreciate the input received from those discussions. The resulting proposed budget and wish list were presented at last week's worksession. Just as in that presentation, this annual budget meets the requirements of state statutes along with city requirements and accounting practices.

For your convenience, the detail below provides the personnel factors common to the FY2017 budget.

- Although negotiations are not expected to begin until October or early November, this budget was developed anticipating a 15% increase in health care insurance.
- Pension rates for Police (12.0%) and Lagers (16.2%) to meet actuarial requirements.

- Although not included in the draft presented at the worksession, at Council's direction, a 2% COLA increase for general employees presented on the wish list is included in the proposed budget.
- The document incorporates conditions of the proposed agreement with the Fraternal Order of Police.

A summary of all funds expected results is included in the budget document for review.

### General Fund Budget

Deficits in other funds are absorbed by the General Fund.

Revenues	15,209,330
Expenditures	15,379,471
Transfers to other funds	534,106
Net Change in Cash & Investments	(704,247)

Like the vast majority of municipalities, the City of Arnold depends on taxes to fund most services. In FY2017, taxes represent 84% of total revenue the City expects to receive. Included in total tax revenues is \$1,180,943 from the Jefferson County CIP tax that will provide match for debt service, concrete street replacement and the Jeffco-Tenbrook intersection project. We have projected 3.5% growth in sales tax or an additional \$215,880. Electric utility taxes are projected to increase 5% or \$100,000 while we expect telephone utility taxes to drop 6.25%.

General Fund wages & benefits costs are at 62.8% of recurring operating revenues. Expenditures include the second installment of a five year commitment (\$500,000/yr) for residential street repairs.

With a continued emphasis on partnering with other local groups to support events and a surge in the local hospitality industry, the **Tourism Fund** enjoys a positive fund balance. In FY2017, Tourism will have \$100,000 available for local events sponsorships we hope will provide new out-of town dollars for our hotels and restaurants.

The **Recreation Center** staff is dedicated to providing the best possible 'return on investment' to the citizens. This requires a constant balancing between the cost of quality services and member fees. Sewer proceeds will provide funds (\$300,000) for replacement of the facility's HVAC system. Revenues are anticipated to increase slightly (0.5%) in FY17. General Fund remains ready to provide cash flow support as required.

The **Golf Course** begins FY17 without debt service responsibilities and the plan to narrow their operating deficit to under \$25,000. Of course, this is predicated on a full non-flood event year. Staff and the ad hoc committee will be reviewing progress throughout the year and providing recommendations for the Golf Course's future.

The **Storm Water Fund** FY17 budget provides monies for maintenance, street sweeping and small in-house storm water projects. Sewer proceeds will be utilized for replacement of storm water pipes along a portion of Pomme Road. Mandatory work on the MS4 permit is included.

The **Special Allocations Fund** provides for the TIF bond & note payments. Revenues are sufficient for debt service but the fund is showing strain from the lack of financial commitment from all local taxing jurisdictions.

We thank the Council for their guidance and these resources.
