SECTION 2: PUBLICLY MAINTAINED ROADS AND FACILITIES

2.1 For use in the tax revenue sharing formula, a publicly maintained road is defined as a thoroughway maintained by the City or County for at least three (3) years, utilized by vehicular traffic, fronting on residences, businesses, industries and farms; subject to the following limitations:

3.1 The tax revenue sharing formula is established to determine the equitable share that unincorporated Jefferson County and the incorporated Cities within Jefferson County shall receive from the one-half cent sales tax for capital improvements to publicly maintained roads and facilities.

3.2 The formula is based on the following:

3.2.1 Fifty percent of the City/County share on percentage of total road mileage.

3.2.2 Fifty percent of the City/County share on percentage of total population.

3.3 The tax revenue sharing formula is described in the equations printed below:

50% of Share = $\frac{\text{total tax revenue}}{2}$ X $\frac{\text{individual City or unincorporated County total road mileage}}{\text{total road mileage of Jefferson County}}$

50% of Share = $\frac{\text{total tax revenue}}{2}$ X $\frac{\text{individual City or unincorporated County total population}}{\text{population of Jefferson County}}$

3.4 The sum of the two equations is the total tax received by the City or County.

3.5 Revenue shall be allocated to the City and the County on a monthly basis.

3.6 Total road mileage of Jefferson County is equal to the summation of publicly maintained road mileage in all incorporated and unincorporated areas.

3.7 Total population of Jefferson County is equal to the summation of all population in incorporated and unincorporated areas.

3.8 An incentive bonus program exists for any City that generates a certain share on percentage of the total gross sales within the County for the previous calendar year ending December 31st. The bonus shall be received by the City over the course of the following year in monthly increments and funded out of the County portion of the tax sharing allocation. For the avoidance of doubt, any one (1) City may qualify for no more than one (1) of the incentive levels described in Section 3.8 or its sub-sections in any given year. This program is to be effective as of and after January 1, 2016. The following is the gross sales ranges with the associated incentive bonus:

3.8.1 An additional sum total of 1.5% of the total estimated sales tax to be collected shall be allotted to the City when total gross sales rate for the City exceeds 20% of the total gross sales for the entire County.

3.8.2 An additional sum total of 3.0% of the total estimated sales tax to be collected shall be allotted to the City when total gross sales rate for the City exceeds 25% of total gross sales for the entire County.
